

Shore AEYC Meeting

March 29, 2012

7 p.m.

Please join us at: **St Catherine's Pre School in Farmingdale,
31 Asbury Ave., Farmingdale, NJ 732-938-3454**

Christine Bant, A Child Care Director and AEYC member will share her expertise about health and safety in our centers.

Health & Safety - #1 Priority in Childcare Settings: Whether you are a center director, teacher, teacher assistant or in-home provider, health and safety must be of the utmost importance to you at all times. When you have established an environment that puts health and safety first you then can create an ideal setting for young children with an appropriate curriculum for optimum learning. Discussion will include safety and health procedures, policies relating to your physical building, your classroom environment, NJ requirements, staff daily interactions, medications, nutrition, accidents and reporting procedures. This topic meets the requirement for Health & Safety DYFS training hours.
